I need all Radio codes for me to be able to enable a radio as someone has changed the batteries in my car and it will not work as the radio never goes off. Pin Codes Pin codes are used to enable/disable the radio in your car. The radio codes are unique and cannot be shared. Registration Your radio will contain a unique registration code. This code allows the radio to connect to the car. The radio can identify you as the owner of the car and vice versa. Poll Your radio will be able to poll for information from the car. This is called a "checksum". Limits & Safety There is a limit to how much information can be sent to the radio. Your radio will also contain various warnings and alerts.
