Three-dimensional carbon decorated Co3O4 hollow nanospheres were synthesized via a two-step reaction process. The carbon coated Co3O4 hollow nanospheres showed excellent photocatalytic activity for degradation of RhB. The enhanced photocatalytic activity was attributed to an enhanced charge separation rate due to the difference in the band gap between carbon and Co3O4./********** This library is free software; you can redistribute it and/or modify it under the terms of the GNU Lesser General Public License as published by the Free Software Foundation; either version 2.1 of the License, or (at your option) any later version. The application is huge and includes e2e tests. When loading the project in VS2015 for the first time the application loads fine, but every time I open the solution from VS2015 the VS crashes for a few seconds and then starts correctly. The first time I open VS2015 after a migration, I have.NET Framework 4.7.1 installed (as I had in VS2013) instead of.NET Framework 4.5.2. I'm suspecting this could be the problem because the size of the application is very large (sever
