Philips car 400 is my first car and when i first turned the car engine on it wouldn't start, so i tried to jump start it, while jumping it it just said Click to see the manual Philips car 400 is my first car and when i first turned the car engine on it wouldn't start, so i tried to jump start it, while jumping it it just said Click to see the manual link but the link did not work and i tried to call the 800 number for the car manual or something so i would find out what it was that was going wrong with the car then the man on the phone was so confused i got him to tell me the exact code of what was wrong with the car so i could find the answer, so i figured that would be easy but it didn't work i went to the bay where they sell the car and found out that it was trouble code P1D, so i put that in to my friends car and he got on the phone and i asked him to jump start my car, while it was jumping my car it just said Filled up battery, so i turned off my car then turned it back on and it worked fine, but thats not the case with my car everytime my lights come on they just stay on and nothing happens and my radio doesnt work and thats about it, so i'm wondering what that code is for and what it means if it means that the car will start but my lights will stay on and nothing else works, i would greatly appreciate it if someone could help me with what that means or what the code is for. Thanks. 03-15-2009, 11:36 PM alv113 Re: Philips Car 400 Code? i need to take my car for a service and i need the code for the code if they give it to me ill get it done right away. 08-10-2009, 01:18 AM Tecman Re: Philips Car 400 Code?
