Tarnished Fortress is a promising and unique RPG with a good combat and quest system. " By Tarnished " Tarnished Fortress is an excellent RPG, and a good introduction to the concept of Tarnished. " By Descendent " Tarnished Fortress is an excellent game that really puts you in the shoes of a hero that will start with nowhere and must put himself through a lot to become a stronger hero. " By HNM " With all of the elements that make RPGs great, Tarnished Fortress is a unique blend of a feel-good story, third-person action, great combat, unique characters, and much more. " By GameStop " Tarnished Fortress is an exceptional RPG that's well worth taking a look at. " By ImpulseGamer " Tarnished Fortress is a story-driven fantasy RPG that's a lot of fun to play. PRESS "Drakken was a fan of id Software's critically acclaimed epic Shadow of Mordor, which debuted on the PS4 in 2014. When he began to look for a new developer for this project, he got in touch with us, and he was immediately enthusiastic about the tools, the visuals and the philosophy of the engine. With Ian and his team, we worked on several different iterations of the gameplay and the engine, and he gave us the time and support to craft an incredible experience". — Stéphane Beauverger, CEO of Crystal Rift "There is a special magic to games that are born from true vision, one-of-a-kind, and unexpected. We had the same vision for this game and we are so proud of it. This is a game that we want to play, and we want to share it with everyone. We are humbled and excited to be so enthused about a game with Drakken." — Ian Coppock, Creative Director at Crystal Rift

Goswell Falls Park Goswell Falls Park was created in 1902, in anticipation of the construction of the city of Los Angeles' first water supply system and modern water treatment plant. It was conceived by Samuel Knapp, an engineer and construction supervisor, and became the first of its kind in the state of California. The park has of trails that take advantage of the steep canyon walls that rise. History The park was named in honor of Benjamin Rusk Goswell, who had been a pioneer settler in the Los Angeles Basin; he died in 1902. Features Pilgrimages to Goswell Falls Park are an important part of the local Native American spiritual tradition. Native Americans, in particular, express respect for the waterfalls and the impact they had on their cultural development. The park has four hilly hiking trails that are long and descend about. The park's main entrance is located at La Fonda Dr. and South Way Blvd. From this entrance there is an easy walk to the bottom of the canyon. The canyon is only accessible by foot. The park is located on the border between the City of Los Angeles and the County of Los Angeles. The park was formerly an asset of the Los Angeles County Flood Control District, and received funding from it for maintenance and improvement. However, the flood control district lost its tax exempt status in the 1960s. Its property was transferred to the City of Los Angeles when it was established in 1872. The park was transferred to the city in 1913. There are five parking lots. They are for 1,500 vehicles. There are also 125 spaces for bicycles.
