Please, forgive the quality of this remastered mod of the well-received first-person shooter Sudden Strike 2 Gold released more than 10 years ago for Microsoft Windows. The game has been carefully revamped and updated from a technical point of view to run on modern systems: -Played directly from a.iso image available from the 1UP_Retro_Collection. -The game includes a "hidden" cheat mode. -Official soundtrack remastered (Chiptune Music) -Re-mastered to a higher resolution for better graphical appearance. -Screenshots for each level have been included in the game package for a comparison. -Solved issues with having a custom map larger than 1024 x 1024. -Added rare collectibles scattered through the game. -Many more fixes and improvements. NOTE: Sudden Strike 2 Gold is not intended to be an expansion pack. It is an entirely new mod for Sudden Strike 2 Gold which serves as a technical improvement over the official game and a remaster of one map only. Dans cet enthousiasme qui caractérise tout ce qu'ils produisent pour résister à ce vers quoi nous allons rouler et faire rouillier, puis ronfler enfin.
