I'm currently working at the projects's web site checking the new features and I have confirmed that the game doesn't work on Nintendo Switch neither with ARM or Nintendo Switch-Pro. I have done a lot of research work on the game and I can confirm that the game is able to run on a PS4/XBOX and not the Switch. I've looked at this game in a complete way and there are zero issues on the games that will not be able to run on Nintendo Switch. I am currently working for a PS4/XBOX and Switch and I have confirmed that the game won't run on the Switch. I know this is a little bit difficult for people but for me this is the truth. What's new in Fifa 22:

- **FIFA 22 introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.**
- **FIFA 2k Gi is now playable in offline mode with 11 players.**
- **New Goalkeeper animation cycle.**
- **New set of net animations.**
- **New set of goal animations (including improved sombrero).**
- **Physics has been improved, the most noticeable of which is the repositioning of players so that they correctly fall to the ground. The Smart Player AI behaviour has also been improved.**
- **Blocking is now instant. Defenders no longer have an idle animation, speeding up the pace of a match whilst also making it much more difficult for a player to block a ball entering the penalty area.**
- **Fake Shots and Foul Penalties must be committed within 1 second of the ball entering the penalty area. It is no longer possible to miss a penalty.**
- **New Dynamic Free Kicks (DFKs) in which the player who kicks the ball will have random actions and celebrations taking place as they run towards the ball.**
- **New attacking strategy, the pass weighting with different players based on distance from the goal.**
- **New defensive strategy whereby the player with the highest access to the ball will be highlighted on the screen.**
- **Captaincy options for the manager. You can now name, style and play your Captain, with three different stats including most capped, most minutes played, most appearances.**
- **New registration system. The CPU controlled team will no longer accept players with the character or traits of another team. From time to time, players will also be aware of this and choose not to play for you.**

-
- **Adjustable ankle joint of the defender, driven by AI.**
 - **All-new Crowd Engine allows an immersive experience in-game. Enjoy an authentic experience at your favourite stadium, then see live barks and roars and cheers as your team scores key goals against your rivals.**
 - **Player positioning has been improved. Shoulders**

FIFA has propelled gaming into the mainstream since its introduction in 1989, and is still the best-selling sports title today with over 200 million registered players. FIFA's unique ability to simulate the beautiful game with authenticity of skill and emotional commitment has made it the most popular game in the world for gaming consoles, PCs, smartphones, tablets, web browsers, and more. FIFA on Windows, Android, iOS, and beyond FIFA on iOS, Android, and beyond As the number of platforms that FIFA can be played on continues to grow, there are many ways for fans to play the game they love, anytime, anywhere. In addition to the game on consoles and PCs, the Free Kick™ app launched last year on iOS, Android, and Kindle Fire, featuring the most accurate ball physics in mobile football games. The app remains the number one football game on iOS, and is used on nearly 100 million devices. The FIFA Ultimate Team app launched in November 2017, featuring the most complete roster available on mobile - everything from kits to boots, and more. An in-app purchase lets players unlock all FIFA Ultimate Team content for free, and every month they receive bonus content, including both in-app and in-game bonuses. On Xbox One, FIFA 18 has been a smash hit, with over 22.5 million copies sold as of March 2018. FIFA Online 3 has also been a huge success for the franchise, with 12.5 million registered accounts in the first three months of 2017 alone. The FIFA 14 app, which was introduced in April 2014, took the franchise to the next level with game-changing innovations such as player customization, close control and dribbling, and goal celebrations and ball control. More than seven million players downloaded the app in the first three months of 2014. Premier League, UEFA Champions League, UEFA Europa League, FIFA Club World Cup™, and FIFA Nations Cup FIFA on Xbox One, PS4, and PC FIFA 18 is the best-selling console football game of all time. The FIFA 18 game has evolved and developed its gameplay to offer a deeper and more authentic experience for the player. The revamped ball physics, revamped ball control, and the debut of the all-new Personality and Skill Creation modes have made FIFA 18 one of the most requested-for enhancements since FIFA 13 for PlayStation 3 and Xbox 360. With FIFA 19, the game is set to experience the most significant gameplay overhaul since FIFA 13. Based on feedback from
