4bbbd60035 CHEMISTRY SELF TUTORING - ONLINE VIDEO HELP Math Tutor DVD Complete Collection23 . they can't . Were You Pregnant at 17? Short answer: No. But it's a tricky question, because the number of women who gave birth before the age of 20 has increased over time—so it's technically possible that some of those women were pregnant at age 17. If you've been trying to conceive on your own for at least 12 months, you should definitely be doing everything you can to conceive, no matter what your age. If you've been trying to conceive on your own for at least 12 months, you should definitely be doing everything you can to conceive, no matter what your age. If you are in your mid-20s and have sex, you can take advantage of the best times to conceive, like ovulation. And if you're older than 34 (or even 35), you can use fertility drugs to get your eggs moving. But if you are older than 35, there are other options, including buying your own eggs, getting IVF, or in-vitro fertilization (IVF). If you are older than 35, there are other options, including buying your own eggs, getting IVF, or in-vitro fertilization (IVF). Advertising When it comes to my own pregnancy, I was 25 when my daughter was born. I had gotten pregnant at 25 the year before, so I wasn't quite the newbie I'm told I look like in these two news stories about women being pregnant at 17. Advertisement I'm not saying it's impossible, because I know someone who claims to be 18 when she had her first child. She, however, has refused to divulge any more information about how she got pregnant, so we can't say for sure that it was actually her. But yes, it's technically possible. So it's useful to know how likely it is that you might conceive at a young age, and what you can do if you find yourself trying to get pregnant at a young age.
