Cere Si Ti Se Va Da Esther Si Jerry Hicks Pdf 84

I have had the honor of having been friends for many years with Jerry and Esther Hicks, and first learned about NLP from them. Jerry and Esther had been my favorite childhood role models. Jerry and Esther's teachings changed my life and still teach me and inspire me to this day. I have applied many of their principles and have created my own version of NLP

called "You Are The Universe". I will always be indebted to Jerry and Esther for helping me to realize my full potential, for inspiring a whole generation of NLP practitioners, and for providing the foundation for the creation of the "You Are The Universe" (Y.A.T.U.) conferences. You live on in your books and in your NLP legacy. I love you Jerry and Esther. Thank you Jerry and Esther, for all that you have taught us through your teachings. Thank you for changing my life. And, and thank you for teaching me how to teach others your teachings. I will always be indebted to you. One of the things I value most about Esther and Jerry's work is the absolute honesty of their approach. It is not about going through what has already been done. It is simply about going to the source and asking your self questions about how you want to live your life, and letting that answer guide you. And, though this is often uncomfortable, and can be downright challenging, those are the two things that I love about the work. Esther and Jerry encourage you to ask yourself questions about what you want out of life, and who you want to be. As with other aspects of the Law of Attraction, the response will be no different than you expect. You may find, for example, that your topmost priority for the summer is relaxation, so your activities are no secret but simply a matter of documenting how you feel. But, you will find a theme in your life decisions, your daily experiences, which matches the theme or thematic dream you chose for that month. For example, if you choose to have a

summer of career, and bring in more money, then your dream responses will be dollar bills and bills of any size, and so on. 5ec8ef588b
