Its clear that hentai picture are very kinky and the others are now fucking!. And its clear that the other 2 are screwing in places that i cant see. He recalls two typical memories of his playtime and masturbating with his tools. The first is that his father punished him severely for having porn movies on his flash memory drive, and called him a pervert. Tired of being ashamed, he sneaked it out of his father's briefcase and used it to practice masturbation, but had to put the flash drive back after he finished. The second example is when he was a ten year old child, his father went to visit his old friend at an electric company. He had to put his father's suitcase in the car while he was away, and since the car was left unlocked, one of his classmate accidentally saw his father's stash of porn magazines. The classmate told the other students about it, and back at school, he was laughed at for having porn in his backpack. In the anime, his cousin finds the flash drive in a sock in his room when he is about to leave for school. Suneo gets himself caught masturbating, leading to his expulsion from school. 5ec8ef588b
