this was probably the hardest ive ever played. its not too hard, i dont agree with people saying it is impossible. it gives you a challenge that u never got before. this means more in time and effort for you. if u think that it's easy, go ahead and give it a try, i'd give 100% that u'll hate it. i want more ppl to come and have fun. no more aimbot ppl. no more don't complain if you suck, just post and give it a shot. aftrall, if you want to play with no lag, i'll give u my account, plz pm me. this is the last one before i give it to u. thanks ahead if u decide to give it a try. and have fun!

another addition is the pokemon that are at the very beginning of the game, and they are only accessible if you scan a qr code and play the game for a specified amount of time. once you scan the qr code, the pokemon egg is hatched, and you can take it home. the pokemon egg can hold five different pokemon at a time, and they can be traded for the pokemon you want. you must also avoid pokemon that are sleeping. if you are a newcomer to the pokemon universe, the game offers pokemon 101, a tutorial that will teach you the basics of how to play. this tutorial will tell you what you need to know to make your way through kanto as quickly as possible. the story mode is the main single player mode in the game, and it serves as the tutorial in the game. when you begin the story mode, you are attacked by team rocket and team magma. you are then taken to a kanto battle dome where you can challenge another trainer. you can also battle trainers at any of the gyms around the region to

find hidden items or to go up in the trainer league.
